Kevin Dow P. Ag.

HUMBOLDT, SK – Dave Gullacher, President and CEO of the Prairie Agricultural Machinery Institute (PAMI), is pleased to announce that Kevin Dow P. Ag., has joined PAMI as Vice-President Business Development.

In this new corporate-wide role, Kevin will play an integral part in developing and executing PAMI’s strategic business plan.

“We are excited that Kevin has joined our team”, Gullacher remarked. “We expect Kevin to lead the expansion of our business development initiatives”.

Kevin comments, “I am excited to start a new challenge within PAMI and look forward to working with the team to further develop their already extensive line of services for agriculture and industry. I am fortunate to be joining a well-respected company that prides itself on top quality professional services.”

Kevin grew up on a farm near Penzance, SK and is passionate about agriculture and value-added manufacturing. He brings with him more than 25 years of experience within the agriculture industry, especially related to machinery. He is a Professional Agrolgist who graduated from the University of

Saskatchewan with a Bachelor of Science degree in Agriculture. Kevin also currently serves on the Board for the Saskatchewan Trade and Export Partnership.

PAMI is an [ISO 9001:2008](#)-registered and [ISO/IEC 17025:2005](#)-accredited applied research, development, and testing organization serving agriculture and industry in Western Canada and beyond.

PAMI's diversified engineering expertise has direct application for agriculture, transportation, military, aeronautics, forestry, and mining. Services include: design, development, fabrication and evaluation of vehicles, machinery and components as well as value-added process reviews, pilot plant design, and optimization.

PAMI's operations, highly trained, and experienced professional and technical staff are located in Humboldt and Saskatoon, Saskatchewan and Portage la Prairie and Winnipeg, Manitoba.
